The 2000 U.S. Census reported total population as 16,405.2 The graph below indicates the percentage by age group.

Figure 1. Population by Age Group3 (n=16,405)

Spotlight on . . .
Making Beneficial Lifestyle Choices

To educate clients about healthy eating and physical activity, the FCS agent conducted the ten-week “Weight the Reality Series” program. The net weight loss of all participants was 180.4 pounds. The average loss in waist circumference was 1.4 inches. Resulted include: 91% of participants now monitor their weight on a regular basis; 83% feel they have become effective in managing their weight; 67% report eating 3-4 low fat or non-fat dairy products on a daily basis; 67% measure and control portions; and 67% keep a journal of their food intake and physical activity.1
Our Families
Using data from the 2000 U.S. Census, Simpson County families can be described as follows:\(^2\)
- 4,647 families reside in the county.
