BUILDING STRONG FAMILIES FOR KENTUCKY

OUR FOCUS

► Family and Consumer Sciences Extension is committed to improving the quality of life for individuals and families in Adair County resulting in strong families for Kentucky. Educational programs focus on:

Making Beneficial Lifestyle Choices
Nurturing Families
Embracing Life as You Age
Securing Financial Stability
Promoting Healthy Homes and Communities
Accessing Nutritious Food
Empowering Community Leaders

Family and Consumer Sciences Extension made **8,209** contacts with Adair County families during 2008-2009.¹

OUR PEOPLE

Figure 1. Population by Age Group² (n=17,773)

► 2008 estimates from the 2000 U.S. Census reported total population as **17,773**.² The graph on the right indicates the percentage by age group.

**SPOTLIGHT ON...**

PROMOTING HEALTHY HOMES AND COMMUNITIES

In recognition that community infrastructures have an impact on our health, Family and Consumer Sciences (FCS) Extension implemented the “Second Sunday” event. It was designed to increase our community’s awareness about the importance of physical activity and healthy living. The FCS agent collaborated with several community leaders and partners. Over 140 people of all ages including groups of friends, neighbors, and church groups participated in walking, biking, and pushing strollers on the closed section of KY 439 and Indian Drive. The distance was about 4 miles roundtrip. 95% finished the whole walk. Participants were provided with fresh fruit and water throughout the event. One participant told us, “Wish there were more events like this with safe places to walk.”¹

OUR COMMUNITY

► Unemployment rates are a key economic indicator. In August 2009, the rate of unemployment in Adair County was **10.8%**.³

Mortgage and bank card delinquency rates and foreclosure filings are important financial indicators of community well-being. In Adair County, **1.86%** of mortgages are 90-days delinquent and 60-day bank card delinquency rates have increased by **1.22%**.⁴ In a one-year period (October 2008 through October 2009), **21** foreclosures were filed.⁵

Access to health insurance is another important factor contributing to family well-being. In Adair County, **21%** of the people under age 65 are uninsured.⁶

As a result of participation in Adair County Extension programs:¹

- **52** people were involved in addressing issues of their community.
- **177** people increased their knowledge of governmental process.
- **367** people expanded their knowledge of economic development.

OUR HEALTH

► The health of our people contributes to quality of life. The chart below illustrates health risks of adults in Adair County.

Figure 2. Health Risks.⁶
