OUR PEOPLE

Figure 1. Population by Age Group² (n=11,750)

► 2008 estimates from the 2000 U.S. Census reported total population as **11,750**.² The graph on the right indicates the percentage by age group.

**SPOTLIGHT ON...**

ACCESSING NUTRITIOUS FOOD

The Bath County Nutrition Education Program (NEP) paraprofessional taught 89 limited resource families how to serve more nutritious meals, to keep foods safe, and to utilize local food resources effectively. 99% of families made an improvement in the nutritional quality of their diet. 80% of NEP graduate families consumed a higher quality diet due to planning meals using the My-Pyramid food guide, considering healthy choices, and using the "Nutrition Facts" label. 46% of families increased their frequency of moderate physical activity for 30 minutes per day. 64% of families demonstrated an improvement in safe food handling practices and hand washing behavior. 99% of families were able to use community food resources, such as food pantries, less often due to increased skill at food resource management.¹

OUR COMMUNITY

► Unemployment rates are a key economic indicator. In August 2009, the rate of unemployment in Bath County was **14%**.³

Mortgage and bank card delinquency rates and foreclosure filings are important financial indicators of community well-being. In Bath County, **6.09%** of mortgages are 90-days delinquent and 60-day bank card delinquency rates have increased by **4.57%**.⁴ In a one-year period (October 2008 through October 2009), **14** foreclosures were filed.⁵

Access to health insurance is another important factor contributing to family well-being. In Bath County, **17%** of the people under age 65 are uninsured.⁶

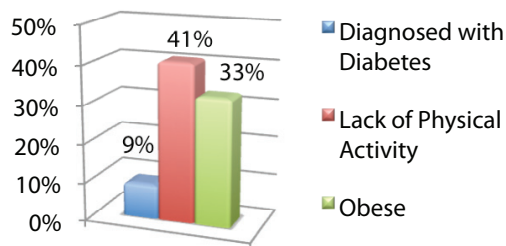

As a result of participation in Bath County Extension programs:¹

- **40** people were involved in addressing significant community issues.
- **33** people increased their knowledge of governmental process.
- **269** people expanded their knowledge of economic development.

OUR HEALTH

► The health of our people contributes to quality of life. The chart below illustrates health risks of adults in Bath County.

Figure 2. Health Risks.⁶
