Family & Consumer Sciences

BUILDING STRONG FAMILIES FOR KENTUCKY

OUR FOCUS

► Family and Consumer Sciences Extension is committed to improving the quality of life for individuals and families in Boyle County resulting in strong families for Kentucky. Educational programs focus on:

Making Beneficial Lifestyle Choices
Nurturing Families
Embracing Life as You Age
Securing Financial Stability
Promoting Healthy Homes and Communities
Accessing Nutritious Food
Empowering Community Leaders

Family and Consumer Sciences Extension made **11,416** contacts with Boyle County families during 2007-2008.¹

OUR PEOPLE

Figure 1. Population by Age Group² (n=28,933)

► 2008 estimates from the 2000 U.S. Census reported total population as **28,933**.² The graph on the right indicates the percentage by age group.

**SPOTLIGHT ON...**

ACCESSING NUTRITIOUS FOOD

In order to address community concerns about childhood obesity, Boyle County Extension offered the “Exploring My Pyramid with Professor Popcorn” series to schools in the 2008-09 school year. Fifty K, 1st, 2nd, and 3rd-grade classrooms requested the series totaling 1,036 students. Another six pre-school classes in county schools requested a modified version of the vegetables lesson for their 96 students. One teacher commented, “Our students learned tons about nutrition! I think it is a great program because many of my students REALLY needed to learn about what is good for them and what is not to stay healthy!”¹

OUR COMMUNITY

► Unemployment rates are a key economic indicator. In August 2009, the rate of unemployment in Boyle County was **12.6%**.³

Mortgage and bank card delinquency rates and foreclosure filings are important financial indicators of community well-being. In Boyle County, **2.47%** of mortgages are 90-days delinquent and 60-day bank card delinquency rates have increased by **0.96%**.⁴ In a one-year period (October 2008 through October 2009), **74** foreclosures were filed.⁵

Access to health insurance is another important factor contributing to family well-being. In Boyle County, **11%** of the people under age 65 are uninsured.⁶

As a result of participation in Boyle County Extension programs:¹

- **150** people were involved in addressing significant community issues.
- **60** people increased their knowledge of governmental process.
- **37** people expanded their knowledge of economic development.

OUR HEALTH

► The health of our people contributes to quality of life. The chart below illustrates health risks of adults in Boyle County.
*Figure 2. Health Risks.*⁶
