### SPOTLIGHT ON...

# MAKING BENEFICIAL LIFESTYLE CHOICES

n order to address high rates of obesity, Clark County Cooperative Extension sponsored the Weight-The Reality Series program over a tenweek period. Emphasis was on portion sizes, healthy cooking techniques, fat and carbohydrate control, and increasing fruits and vegetables. Twenty people participated in the 10-week series. Participants lost a total of 97 pounds collectively, 85% indicated they now measure and control portion sizes; 90% have increased fruit and vegetable servings; and 100% modify recipes to reduce fat, sugar and salt. One

participant continues to call in with questions and for support and reports a 23 pound weight loss. This weight loss she savs has enabled her to begin a walking program and the daily exercise has allowed her to postpone knee surgery.1

#### **OUR COMMUNITY**

► Unemployment rates are a key economic indicator. In August 2009, the rate of unemployment in Clark County was 11.5%.<sup>3</sup>

Mortgage and bank card delinquency rates and foreclosure filings are important financial indicators of community well-being. In Clark County, **3.19%** of mortgages are 90-days

## As a result of participation in Clark County Extension programs:<sup>1</sup>

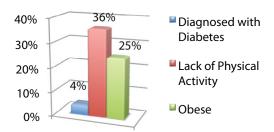

- 240 people were involved in addressing issues of their community.
- 80 people were involved in working with government in addressing significant community issues.
- 175 people expanded their knowledge of economic development.

delinquent and 60-day bank card delinquency rates have increased by **1.72%**.<sup>4</sup> In a one-year period (October 2008 through October 2009), **181** foreclosures were filed.<sup>5</sup>

Access to health insurance is another important factor contributing to family well-being. In Clark County, **12%** of the people under age 65 are uninsured.<sup>6</sup>

### **OUR HEALTH**

► The health of our people contributes to quality of life. The chart below illustrates health risks of adults in Clark County. Figure 2. Health Risks.<sup>6</sup>

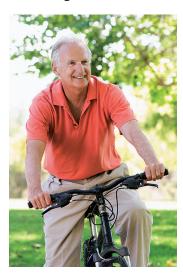

### As a result of participation in Clark County Extension programs:<sup>1</sup>

- **3,450** people increased knowledge of practices to maintain health and well-being.
- **2,645** people made lifestyle changes to improve health.
- **3,575** people used safe practices to store, handle, and prepare food.

#### **OUR FAMILIES**

- ▶ Using data from the 2000 U.S. Census, Clark County families can be described as follows:²
- 9,548 families reside in the county.
- 802 families (8.4%) live below poverty level.
- Median family income is \$45,647.
- **295** grandparents are responsible for the care of their grandchildren.

According to the Kentucky Cabinet for Health and Family Services, **2,747** people in Clark County receive food stamps. The average family food stamp benefit is **\$226.51** per month.<sup>7</sup>

In the county, **42** children live in out-of-home care.<sup>8</sup>

In 2005, there were **84** incidents of adult abuse and **119** incidents of child abuse.<sup>9</sup>
