## SPOTLIGHT ON...

### MAKING BENEFICIAL LIFESTYLE CHOICES

Leslie County Extension partnered with the Leslie County Board of Education to offer the “Literacy, Eating and Activity for Primary (LEAP)” curriculum to 336 students in kindergarten through third grade and in two Head Start classes. Our Family and Consumer Sciences agent and Nutrition Education Program assistant visited schools once a month for six months to read a story that introduced nutritious foods. During the visits, each student engaged in some type of physical activity and tasted a healthy snack that related to the book read in that session. At the end, 100 percent of the participants learned the importance of hand washing, physical activity, and brushing teeth and had tried at least one new food.<sup>1</sup>

## OUR COMMUNITY

► Unemployment rates are a key economic indicator. In August 2009, the rate of unemployment in Leslie County was **14.4%**.<sup>3</sup>

Mortgage and bank card delinquency rates and foreclosure filings are important financial indicators of community well-being. In Leslie County, **0.61%** of mortgages are 90-days delinquent and 60-day bank card delinquency rates have increased by **1.69%**.<sup>4</sup> In a one-year period (October 2008 through October 2009), **10** foreclosures were filed.<sup>5</sup>

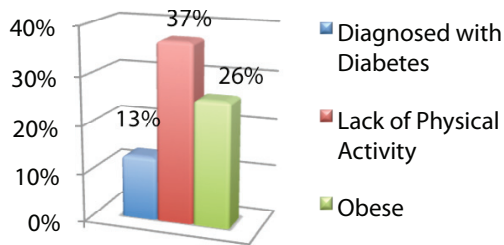

Access to health insurance is another important factor contributing to family well-being. In Leslie County, **18%** of the people under age 65 are uninsured.<sup>6</sup>
