**SPOTLIGHT ON...**

ACCESSING NUTRITIOUS FOOD

The Wayne County Nutrition Education Program paraprofessional taught 47 limited-resource families how to serve more nutritious meals, to keep foods safe, and to utilize local food resources effectively. Of those families, 100 percent made an improvement in the nutritional quality of their diets and 92 percent consumed a diet of higher quality because they planned meals using the MyPyramid food guide, considered healthy choices and used the Nutrition Facts label. In addition, 89 percent of families increased the frequency of moderate physical activity for 30 minutes per day, 84 percent began feeding their children breakfast, 100 percent demonstrated an improvement in safe food handling practices and hand washing behavior, and 99 percent learned to plan meals ahead of time and use a grocery list to guide food selections.¹

OUR COMMUNITY
