Family and Consumer Sciences Extension is committed to improving the quality of life for individuals and families in Taylor County. As the current economic situation continues to create challenges, educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to strive for independence longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** to recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities.

In 2010-2011, Family and Consumer Sciences Extension made 10,076 contacts with Taylor County individuals and families.2

Taylor County Extension programs encourage family-oriented, age-appropriate physical activity through a variety of programs. To encourage local use of eight tracks and trails, a walking club with 18 participants was formed. "Mindful Movement" and "A Matter of Balance" programs were introduced for older adults, with six participants reporting improved posture, flexibility, and balance. On an unseasonably hot day, 84 people participated in 2nd Sunday, showing support for the "built environment" by walking, dancing, biking, jumping, and dancing. Ten attendees in a mental-health day program learned exercises and healthier eating in an ongoing class taught by the Family and Consumer Sciences Agent. Nutrition and exercise games were a part of the Extension Family Field Day, which 158 people attended.
