BUILDING STRONG FAMILIES FOR KENTUCKY

OUR FOCUS

Family and Consumer Sciences Extension is committed to improving the health and well-being of individuals and families in Lincoln County. To help families make wise decisions our educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to strive for independence longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** to recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities

In 2011-2012, Family and Consumer Sciences Extension made **13,269** contacts with Lincoln County individuals and families.²

OUR PEOPLE

SPOTLIGHT ON ...

WEIGHT THE REALITY SERIES

Obesity among Kentuckians continues to increase. To combat this situation, the Lincoln County Cooperative Extension agent for Family and Consumer Sciences offered two sessions of the Weight~The Reality Series. The eight week program focused on helping participants set goals, lose weight, and improve their overall health. This was a joint partnership between the Lincoln County Cooperative Extension Service and the Lincoln County Health Department. Participants participated in a variety of nutrition topics, exercise activities, including strength training, stretching, and flexibility. Fourteen people attended these sessions. Participants lost an average of six pounds in the eight weeks, with 100 percent of participants seeing a decrease in both their weight and their body mass index. All reported being more physically active and eating healthier as a result of this program.

OUR FAMILIES

According to the 2010 American Community Survey,³ between 2006 and 2010 it is estimated that in Lincoln County:

- **22.3% (+/- 5.9)** families with related children were below poverty
