County Extension Agent, Family and Consumer Sciences

BUILDING STRONG FAMILIES FOR KENTUCKY 2014

OUR FOCUS

Family and Consumer Sciences Extension is committed to improving the health and well-being of individuals and families in Marion County. To help families make wise decisions, our educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to strive for independence longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** to recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities

In 2012-2013, Family and Consumer Sciences Extension made **10,221** contacts with Marion County individuals and families.²

OUR PEOPLE

Marion County projected population¹

SPOTLIGHT ON ...

FAN FAVORITES

In collaboration with the Fitness and Nutrition Coalition (FAN), the Marion County FCS agent helped to incorporate healthier options into county park concession stand menus. The coalition believed that it sent a mixed message by encouraging children to be physically active yet provide only non-nutritious snacks at concession stands. The healthier options, called FAN Favorites, such as fresh fruits and yogurt, were integrated into existing concession stand menus through an eye-catching menu. Patrons were surveyed and 97.7 percent of the respondents said that they would like to see the FAN Favorites menu become a permanent fixture at the park. The FAN Favorites menu is seen as a step in the right direction for Marion County community parks and a model for the community on healthy food choices.
