County Extension Agent, Family and Consumer Sciences

BUILDING STRONG FAMILIES FOR KENTUCKY 2015

OUR FOCUS

Family and Consumer Sciences Extension is committed to improving the health and well-being of individuals and families in Green County. To help families make wise decisions, our educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to live independently longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** that recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available, and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities

In 2013-2014, Family and Consumer Sciences Extension made **15,361** contacts with Green County individuals and families.¹

SPOTLIGHT ON ...

SUPER SATURDAYS ON THE MERCHANT MILE

Merchants with businesses on downtown Greensburg's Merchant Mile participated in a new program called "Super Saturdays on the Merchant Mile." Super Saturdays is a partnership between the Merchant Mile program and the local hospital. This six-month program provides better access to preventive health care, increases physical activity, increases downtown foot traffic to local merchants, and improves access to free educational information and health screenings. Participants have said they value having a safe walking place downtown as well as the free health screenings.

Housing has long been recognized as a basic human need. Yet, because housing is often a family's largest expense and largest debt, it can be a stumbling block for many. Safe, lower-cost housing options are often limited for struggling families, and this can lead them into crisis. Family and Consumer Sciences Extension helps people improve home safety, lessen their environmental footprint, and strengthen financial stability. It also helps communities promote healthy lifestyles throughout the lifespan by supporting strong family home environments. Please tell us ways you think we can do more.

AVAILABILITY

In 2010, in Green County, there were...³

- **1,107** renter households
- **3,494** homeowner households
- **85** vacant housing units for rent
- **72** vacant housing units for sale
