# BUILDING STRONG FAMILIES FOR KENTUCKY 2015

## OUR FOCUS

Family and Consumer Sciences (FCS) Extension is committed to improving the health and well-being of individuals and families in Metcalfe County. To help families make wise decisions, our educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to live independently longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** that recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available, and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities

In 2013-2014, Family and Consumer Sciences Extension made **12,389** contacts with Metcalfe County individuals and families.<sup>1</sup>

## SPOTLIGHT ON ...

### ON-SITE SNAP EDUCATION

**M**etcalfe County FCS SNAP-Ed program partners with the manager of Treetop Apartments to provide on-site training on nutrition, budgets, and safety. In addition to a community garden project, 11 sessions were offered during the 2013-14 program year focusing on: healthy recipes, nutrition, food preparation and safety. The community garden provides fresh fruits and vegetables and is maintained by resident volunteers. Goals are to increase safe food preparation and increase residents' consumption of fruits and vegetables. Program evaluations and SNAP food recall data suggest that these goals are being met through the programs offered.

**H**ousing has long been recognized as a basic human need. Yet, because housing is often a family's largest expense and largest debt, it can be a stumbling block for many. Safe, lower-cost housing options are often limited for struggling families, and this can lead them into crisis. Family and Consumer Sciences Extension helps people improve home safety, lessen their environmental footprint, and strengthen financial stability. It also helps communities promote healthy lifestyles throughout the lifespan by supporting strong family home environments. Please tell us ways you think we can do more.
