Family and Consumer Sciences (FCS) Extension is committed to improving the health and well-being of individuals and families in Scott County. To help families make wise decisions, our educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to live independently longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** that recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available, and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities

In 2013-2014, Family and Consumer Sciences Extension made 18,240 contacts with Scott County individuals and families.

**T**eaming up with the 4th- and 5th-grade teachers and the Scott County Diabetes Coalition, a snack fair was held at Stamping Ground Elementary for 180 students. The Scott County FCS agent shared nutrition information that stressed the value of healthy snacks as part of good nutrition. Students showed what they had learned. Fourth graders were split into teams and challenged to select and make a healthy snack that included at least two food groups. They also made posters and gave talks to support their snack choice. Fifth graders tasted and judged the snacks, posters, and presentations.

Housing has long been recognized as a basic human need. Yet, because housing is often a family’s largest expense and largest debt, it can be a stumbling block for many. Safe, lower-cost housing options are often limited for struggling families, and this can lead them into crisis. Family and Consumer Sciences Extension helps people improve home safety, lessen their environmental footprint, and strengthen financial stability. It also helps communities promote healthy lifestyles throughout the lifespan by supporting strong family home environments. Please tell us ways you think we can do more.

**AVAILABILITY**

In 2010, in Scott County, there were…³
