County Extension Agent, Family and Consumer Sciences

BUILDING STRONG FAMILIES FOR KENTUCKY 2015

OUR FOCUS

Family and Consumer Sciences (FCS) Extension is committed to improving the health and well-being of individuals and families in Shelby County. To help families make wise decisions, our educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to live independently longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** that recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available, and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities

In 2013-2014, Family and Consumer Sciences Extension made **25,753** contacts with Shelby County individuals and families.¹

SPOTLIGHT ON ...

HEALTHY EATING = HEALTHY YOU

The prevalence of obesity in America is an ongoing and worsening issue. In Shelby County, 30.9% of adults are obese and 21.3% of children are overweight or obese. To encourage healthier eating at a younger age, the Shelby County FCS agent presented a nutrition program in 30 4-H clubs at schools. A total of 797 children participated in the 4-H school club program "Healthy Eating = Healthy You" in March 2014. Two months later, 296 students completed a follow-up survey that showed 61% of these students ate five or more servings of fruits and vegetables daily, 87% ate breakfast each morning, 82% ate healthy snacks each day, and 90% chose healthy drinks such as water, milk, and 100% fruit juice.

Housing has long been recognized as a basic human need. Yet, because housing is often a family's largest expense and largest debt, it can be a stumbling block for many. Safe, lower-cost housing options are often limited for struggling families, and this can lead them into crisis. Family and Consumer Sciences Extension helps people improve home safety, lessen their environmental footprint, and strengthen financial stability. It also helps communities promote healthy lifestyles throughout the lifespan by supporting strong family home environments. Please tell us ways you think we can do more.

AVAILABILITY

In 2010, in Shelby County, there were...³

- **4,383** renter households
- **10,938** homeowner households
- **378** vacant housing units for rent
- **293** vacant housing units for sale
