Family and Consumer Sciences Extension is committed to improving the health and well-being of individuals and families in Union County. To help families make wise decisions, our educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to live independently longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** that recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available, and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities

In 2013-2014, Family and Consumer Sciences Extension made 5,150 contacts with Union County individuals and families.

**ESTATE PLANNING**

As part of the Managing in Tough Times Initiative, the Union County Extension Office hosted an estate planning workshop. The estate planning process was explained, including steps to develop an estate plan, how to establish goals, a review of estate planning tools (power of attorney, trusts, and wills), an outline of the probate process, and an overview of gift and estate tax laws. Of the 27 consumers who participated in the workshop, 100% indicated they were better able to manage/address current estate planning issues, planned to create at least one estate planning goal, planned to implement at least one estate planning strategy, and had more knowledge and understanding of estate planning.
Housing has long been recognized as a basic human need. Yet, because housing is often a family's largest expense and largest debt, it can be a stumbling block for many. Safe, lower-cost housing options are often limited for struggling families, and this can lead them into crisis. Family and Consumer Sciences Extension helps people improve home safety, lessen their environmental footprint, and strengthen financial stability. It also helps communities promote healthy lifestyles throughout the lifespan by supporting strong family home environments. Please tell us ways you think we can do more.

**AVAILABILITY**

In 2010, in Union County, there were...
- 1,426 renter households
- 4,123 homeowner households
- 118 vacant housing units for rent
- 57 vacant housing units for sale

According to the Kentucky Department of Education, in 2012-2013, 7 children were homeless or were precariously housed in Union County.
