County Extension Agent, Family and Consumer Sciences

BUILDING STRONG FAMILIES FOR KENTUCKY 2015

OUR FOCUS

Family and Consumer Sciences Extension is committed to improving the health and well-being of individuals and families in Washington County. To help families make wise decisions, our educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to live independently longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** that recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available, and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities

In 2013-2014, Family and Consumer Sciences Extension made **6,979** contacts with Washington County individuals and families.¹

OUR PEOPLE

SPOTLIGHT ON ...

THE BIGGEST WINNER

According to County Health Rankings, 33% of adults in Washington County are obese. The Washington County Cooperative Extension Service collaborated with the Lincoln Trail District Health Department, Fuel Fitness Center, and the county board of education to conduct a weight-loss competition called The Biggest Winner. The 117 participants from Washington and surrounding counties worked in teams on weekly health lessons and competed to have the largest average percentage of weight loss during the 12-week program. A total of 957 pounds was lost overall. The winning team of two had an average weight loss of 16.7% and a total weight loss of 58 pounds. Due to success and continued interest, this program will continue annually.

Housing has long been recognized as a basic human need. Yet, because housing is often a family's largest expense and largest debt, it can be a stumbling block for many. Safe, lower-cost housing options are often limited for struggling families, and this can lead them into crisis. Family and Consumer Sciences Extension helps people improve home safety, lessen their environmental footprint, and strengthen financial stability. It also helps communities promote healthy lifestyles throughout the lifespan by supporting strong family home environments. Please tell us ways you think we can do more.

AVAILABILITY

In 2010, in Washington County, there were...³

- **922** renter households
- **3,585** homeowner households
- **95** vacant housing units for rent
