Building Strong Families FOR KENTUCKY 2016

OUR FOCUS

Family and Consumer Sciences (FCS) Extension is committed to improving the health and well-being of individuals and families in Leslie County. To help Kentuckians strengthen their financial, physical, and social well-being, our educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to live independently longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** that recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available, and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities

In 2014-2015, Family and Consumer Sciences Extension made **14,602** contacts with Leslie County individuals and families.¹

SPOTLIGHT ON...

HORSES AND HOPE BENEFITS BREAST CANCER

Horses and Hope is a breast cancer initiative of the Office of the First Lady of Kentucky and the Kentucky Cancer Program (KCP). It provides breast cancer awareness, education, early detection through screening, and treatment referrals. To help educate Leslie County residents about breast cancer, the Leslie County Cooperative Extension Service partnered with the KCP on a Horses and Hope Luncheon, one of several luncheons offered the past few years to raise awareness of chronic diseases that affect our community. More than 90% of the participants got new information about breast cancer screenings and resources for screening and said that they plan to use the information.

FINANCIAL WELL-BEING

In Leslie County, the median household income in 2013 was **\$29,008 (+/- \$2,685)** compared to \$43,307 (+/- \$631) for the state.³

The American Community Survey estimates that between 2009-2013:⁴
