OUR PEOPLE

SPOTLIGHT ON...

AFTER-SCHOOL PROGRAM PROMOTES HEALTHY CHOICES

The Rainbow After-School program give students from low-income families an opportunity to learn in a caring and supportive environment. The FCS agent partners monthly with Kuttawa Methodist Church to offer programs for the students, who attend nine sessions over the school year and enjoy classes on healthy snacking, physical activity, marketable skills, vermicomposting, and agriculture. The information shared through the program encourages families to make lifelong healthy choices in order to decrease childhood obesity and promote a generation that will make good decisions about personal and community health and safety.
