County Extension Agent, Family and Consumer Sciences

# Building Strong Families FOR KENTUCKY 2016

### OUR FOCUS

Family and Consumer Sciences (FCS) Extension is committed to improving the health and well-being of individuals and families in Owen County. To help Kentuckians strengthen their financial, physical, and social well-being, our educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to live independently longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** that recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available, and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities

In 2014-2015, Family and Consumer Sciences Extension made **26,243** contacts with Owen County individuals and families.<sup>1</sup>

### OUR PEOPLE

### SPOTLIGHT ON...

## PROGRAMS IMPROVE QUALITY OF LIFE

In 2010, the median household income in Owen County was \$41,009. The financial stability of our 4,601 households depends on families being able to manage the basic human needs of food, clothing, and shelter. FCS programs have helped meet the needs of families by providing educational information that will improve our citizens' quality of life. WIC and senior voucher recipients have used the farmers' market with over 90% vouchers redeemed, which indicates an increase in consumption. Basic skills taught through FCS programs such as food preparation, baking, food safety, and food preservation help families improve access to food and stretch food dollars.
