OUR PEOPLE

SPOTLIGHT ON...

CAREGIVERS PROGRAM PROVES PERTINENT

As life expectancies increase, more people are becoming caregivers for those who live with chronic illnesses and disabilities. The FCS agent partnered with Kentucky River Foothills staff to present the county's first C.A.R.E. (Caregivers Assistance and Resource Education) seminar for 41 participants. Topics covered included nursing home admission requirements, expenses, and Medicaid qualifications. Free respite care services and dinner were provided. A local physician and an editor shared stories about their caregiving journey. When surveyed, all participants said they got valuable information, felt the program was very beneficial, would attend another program, and would encourage others to attend.
