Building Strong Families FOR KENTUCKY 2016

OUR FOCUS

Family and Consumer Sciences (FCS) Extension is committed to improving the health and well-being of individuals and families in Wayne County. To help Kentuckians strengthen their financial, physical, and social well-being, our educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to live independently longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** that recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available, and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities

In 2014-2015, Family and Consumer Sciences Extension made **32,193** contacts with Wayne County individuals and families.¹

OUR PEOPLE

SPOTLIGHT ON...

MONTHLY COOKING SERIES

A monthly cooking series that equips participants with hands-on cooking skills and nutrition lessons has benefited the health and well-being of Wayne County's citizens. All participants report using MyPlate when planning meals, which increases consumption of fruits and vegetables. Nearly all read nutrition labels when shopping. Participants have lost a total of 34 pounds because of changes in their diet and eating habits. Six participants use smaller-sized plates and bowls to control portion sizes. All participants are cooking more due to their new cooking skills and say having good knife skills is a great benefit to healthy snacking and cooking.
