## 2018 KENTUCKY COUNTY PROFILES

# BUILDING STRONG FAMILIES IN TODD COUNTY

**Jill  
Harris**  
County Extension Agent,  
Family and Consumer  
Sciences Education

### OUR FOCUS

Family and Consumer Sciences (FCS) Extension is committed to improving the health and well-being of individuals and families throughout Kentucky. Our educational programs focus on making healthy lifestyle choices, nurturing families, embracing life as we age, securing financial stability, promoting healthy homes and communities, accessing nutritious food, and empowering community leaders.

### OUR SUCCESS

In 2016-2017,  
Cooperative  
Extension  
made

**25,343**

contacts with  
individuals and  
families in  
Todd County.<sup>1</sup>

### A HEALTHIER KENTUCKY

## Making healthy lifestyle choices

of counties in Kentucky  
implemented programs  
promoting healthy  
lifestyle choices.<sup>1</sup>

of counties in Kentucky  
implemented  
programs promoting  
healthy homes  
and communities.<sup>1</sup>

**E**asy access to unhealthy foods, increased stress, and limited opportunities for physical activity all create challenges and barriers for Kentucky families in making healthy lifestyle choices. Family and Consumer Sciences (FCS) Extension programming through the University of Kentucky teaches families to improve health and well-being by choosing a nutritious diet, increasing health literacy to help prevent chronic diseases, or participating in regular physical activity. Our goal is to equip citizens with the knowledge, resources, and an environment where the healthy choice is the easy choice.

### Number of farmers market locations by Kentucky county<sup>2</sup>
